

**DESCRIPTION**

Boston Blend™ Mosaic Thin Veneer consists of a wide range of colors including brown, gray, white, and beige. The mosaic pattern consists of irregular pieces of natural stone. Shapes are primarily triangles and stop signs, similar to the mosaic dimensions created from broken ice. Sold as individual stones not stone panels. **LEED® CERTIFICATION & ENERGY EFFICIENCY**

Whether it's for a commercial building or historical restoration, this natural building material can assist with the LEED certification. Functionally, stone will retain heat in the winter and cold in the summer, enhancing energy efficiency. [www.stoneyard.com/architect](http://www.stoneyard.com/architect)

**CORNERS**

Matching 90° corners are available in all colors and shapes. When other angles are needed, the installation options are weaving (alternating flats) or miter cutting flat pieces to wrap the corner. [www.stoneyard.com/corner](http://www.stoneyard.com/corner)
